

CONDITION**RADIATIVE FORCING [W m⁻²]** RF_{ARI}

Difference in emission pathway

-0.68 -0.24

A horizontal bar chart with two tick marks at -0.68 and -0.24. The bars extend from these points towards each other, meeting in the center. ERF_{ARI}

-0.69 -0.24

A horizontal bar chart with two tick marks at -0.69 and -0.24. The bars extend from these points towards each other, meeting in the center. $RF_{ARI+ACI}$

Difference in emission pathway

-0.57 -0.20

A horizontal bar chart with two tick marks at -0.57 and -0.20. The bars extend from these points towards each other, meeting in the center. $ERF_{ARI+ACI}$

-0.54 -0.15

A horizontal bar chart with two tick marks at -0.54 and -0.15. The bars extend from these points towards each other, meeting in the center. $RF_{ARI+ACI}$

Difference in emission pathway with stronger ACI

-1.02 -0.39

A horizontal bar chart with two tick marks at -1.02 and -0.39. The bars extend from these points towards each other, meeting in the center. $ERF_{ARI+ACI}$

-0.92 -0.39

A horizontal bar chart with two tick marks at -0.92 and -0.39. The bars extend from these points towards each other, meeting in the center.
