Table A8 refers (twice) to a description of diat-HadOCC cited as Totterdell et al. (2011), but this doesn't appear in the reference list. Can it be added please?

The paper by I. Totterdell is in preparation. The provisional title is now included in the list of references. It is: Totterdell, I. and Halloran, P.: Sensitivity of global and regional marine productivity to iron input in a coupled earth system model . In preparation.
