Interactive comment on "A hybrid Eulerian Lagrangian numerical scheme for solving prognostic equations in fluid dynamics" *by* E. Kaas et al.

E. Kaas et al.

kaas@gfy.ku.dk

Thank you for your positive attitude to the paper, and for your indirect suggestion to relate it to the ALE (Arbitrary Lagrangian Eulerian) approach. We will strongly consider this in the possible revised version. Also thank you for spotting the repeated use of the word "such".

Eigil Kaas
