Dear Dr. Dan Lunt,

Thanks a lot for the reminder! We will add the "Code availability" section in the later modified manuscript. The codes of LASM can be accessed in GitHub (https://github.com/dongli/LASM). The details about how to get the codes and compile them will be elucidated in the README there, since we are still heavily developing LASM. We also uploaded a supplement of the current codes.

Best regards, Li Dong
