

Interactive comment on “Partially coupled spin-up of the MPI-ESM: implementation and first results” by M. Thoma et al.

M. Thoma et al.

malte.thoma@awi.de

Received and published: 15 September 2014

By accident we included the NOT-detrended figures into the discussion-manuscript. The attached figures contain the corrected ones and replace the following figures of the discussion-paper.

Fig. 1b Fig. 5 Fig. A1

We apologize for the inconvenience.

P.S.: For some reason it is hard to optimize the figures for this discussion format, I choose to make them as large as possible for the 'online-version'.
