We thank the reviewer for the detailed response to our manuscript. We believe the comments will enhance the readability and fine-tune our objectives for the manuscript. As suggested by the reviewer, we are in the process of rewriting much of the document, and incorporating your comments. We will follow up with the completed document in the next phase of the review process.

The major comments are similar between the two reviewers. I will post 3 short comments to the discussion board to encourage a discussion with the reviewers.
