Received and published: 27 May 2015

Dear anonymous referee #2 and editor(s),

Our responses to the comments of the anonymous referee #2 was attached in "Supplement" area.

In addition to our own technical corrections, we also have made those technical corrections (suggested by the referee), with all marked in "red" color, in the revised manuscript. The revised manuscript has been submitted to the GMD journal.

Thank you very much for your constructive comments.

C3721
