

## ***Interactive comment on “Direct numerical simulations of particle-laden density currents with adaptive, discontinuous finite elements” by S. D. Parkinson et al.***

### **Anonymous Referee #2**

Received and published: 6 June 2014

These are good changes, but there still appears to be confusion over the De Rooij, F. and Dalziel, S. B. reference. The new text still states this as 2009, yet this is 2001 as mentioned in the review. The full reference is:

De Rooij, F. and Dalziel, S. B. (2001) Time- and Space-Resolved Measurements of Deposition under Turbidity Currents: In: Particulate Gravity currents (Eds., McCaffrey, W., Kneller, B.C., and Peakall, J.), Special Publication International Association of Sedimentologists, 31, 207–215, Blackwell Publishing Ltd., doi:10.1002/9781444304275.ch15.
