

## **Authors response**

Minor revision by topical editor

### **(1) Comment from Editor**

Your paper has been accepted for publication. Before the final version is published, could you please modify the code availability section and add a n explicit reference to the download site <https://github.com/flohorovicic/pynoddy> for completeness. I am aware that that this site is mentioned later.

### **(2) Author's response**

Thank you for pointing this out, we adjusted the section.

### **(3) Author's changes in manuscript**

Explicit reference to download site added in "Code availability" section.
