Dear authors,

In my role as Executive editor of GMD, I would like to bring to your attention our Editorial:

<http://www.geosci-model-dev.net/6/1233/2013/gmd-6-1233-2013.html>

This highlights some requirements of papers published in GMD, which is also available on the GMD website in the ‘Manuscript Types’ section: <http://www.geoscientific-model->

[development.net/submission/manuscript_types.html](http://www.geoscientific-model-development.net/submission/manuscript_types.html)

In particular, please note that for your paper, the following requirements have not been met in the Discussions paper:

“– All papers must include a model name and version number (or other unique identifier) in the title.”

Please add a version number of ERSEM in the title upon your revised submission to GMD.

Yours,

Astrid Kerkweg
