Dear authors,

In my role as Executive editor of GMD, I would like to bring to your attention our Editorial:

[http://www.geoscientific-model-development.net/gmd\\_journal\\_white\\_paper.pdf](http://www.geoscientific-model-development.net/gmd_journal_white_paper.pdf)

<http://www.geosci-model-dev.net/6/1233/2013/gmd-6-1233-2013.html>

This highlights some requirements of papers published in GMD, which is also available on the GMD website in the ‘Manuscript Types’ section: [http://www.geoscientific-model-development.net/submission/manuscript\\_types.html](http://www.geoscientific-model-development.net/submission/manuscript_types.html)

In particular I would like to encourage you to add a Code and Data Availability section at the end of the article stating how your specific code version and model setup of WRF/Chem Version 3.6.1 can be accessed by other scientists.

Best regards, Astrid Kerkweg
