Dear Authors,

in case of articles belonging to the CMIP6 model intercomparison, we established that CMIP6 should be named in the title to help the readers to directly associate the article with the correct model intercomparison project.

Therefore I like to encourage you, to follow the form of the CMIP6 article title structure and add "for PMIP" to the title: e.g., "DeepMIP for PMIP: experimental design for model simulations of the EECO, PETM, and pre-PETM"

Best regards, Astrid Kerkweg
