

Responses to editor

Dear Dr. Archibald,

Thank you very much for the thoughtful comment. We changed the R package from ncd to ncd4 in all of our scripts. Ncd4 package (<https://cran.r-project.org/web/packages/ncdf4/index.html>) is well maintained. The revised R scripts files are updated to github (https://github.com/yannicao/wrf_reprojection).

Best,
Yanni
