Received and published: 9 January 2017

COMMENT: "The main paper must give the model name and version number (or other unique identifier) in the title."

RESPONSE: this information is included in Section 4 (Code Availability)

COMMENT: Please add a version number for ISBA, MEB and SURFEX in the title upon your revised submission to GMD.

RESPONSE: We have added this to the title (SURFEXv8). ISBA and MEB versions
