Many thanks for the comments regarding the title of the manuscript. We are happy to follow the title format whereby the title takes the form:

OMIP contribution to CMIP6: experimental and diagnostic protocol for the physical component of the Ocean Model Intercomparison Project

We will make the title change in the revised manuscript.

However, in agreement with the CMIP Panel, we will not include version numbering as part of the title.

C1

Sincerely, Stephen Griffies for the co-authors
