

**Topical Editor Decision: Publish subject to technical corrections** (20 Oct 2017) by James R. Maddison

Comments to the Author:

Please address the reference to "Appendix 1" on page 11 -- does this refer to an external reference? This could also be clarified at the top of page 12.

The appendix is the notations list at the end of the manuscript. We have modified the references to this appendix in the text on page 11 and 12 as :

« *(see notations list in appendix \ref{notations})* »

We hope this is clear enough, don't hesitate to let us know if this is not the case.
