Dear Editor,

Thank you for your comments. Our apologies on not explicitly providing instructions on how to access WRF 3.8.1 in the code availability section. The below will be included in the next revision of the manuscript.

"The code of the WRF-ARW model (doi:10.5065/D6MK6B4K) is publicly available at http://www2.mmm.ucar.edu/wrf/users/download/get_source.html. This work uses the

WRF-ARW model and the WRF Pre-Processing System (WPS) version 3.8.1 (released on 12 August, 2016), and the wind farm parameterization is distributed therein."

Please kindly let us know if you have any other concerns.

Best regards, Joseph Lee
