Interactive comment on "Simulating ectomycorrhiza in boreal forests: implementing ectomycorrhizal fungi model MYCOFON into CoupModel (V5)" *by* Hongxing He et al.

Hongxing He et al.

hongxing.he@gvc.gu.se

Dear referee, We are sorry about the language problem in the previous version of the paper. We have now improved the language by professional language editting service in UK. We hope this version (see supplymentary) would help you for a better judgement of the scientific mertits of the paper. We also welcome the comment on better discription of Bayesian calibration procedure and will include this and other comments later during comprehensive revision.

Please also note the supplement to this comment:
