

Figure 10. Maize yield simulations (in tFM ha⁻¹) for the 10 top-producing countries for the carbon-only LPJmL 3.5 version, the version with N limitation and with unlimited N supply.

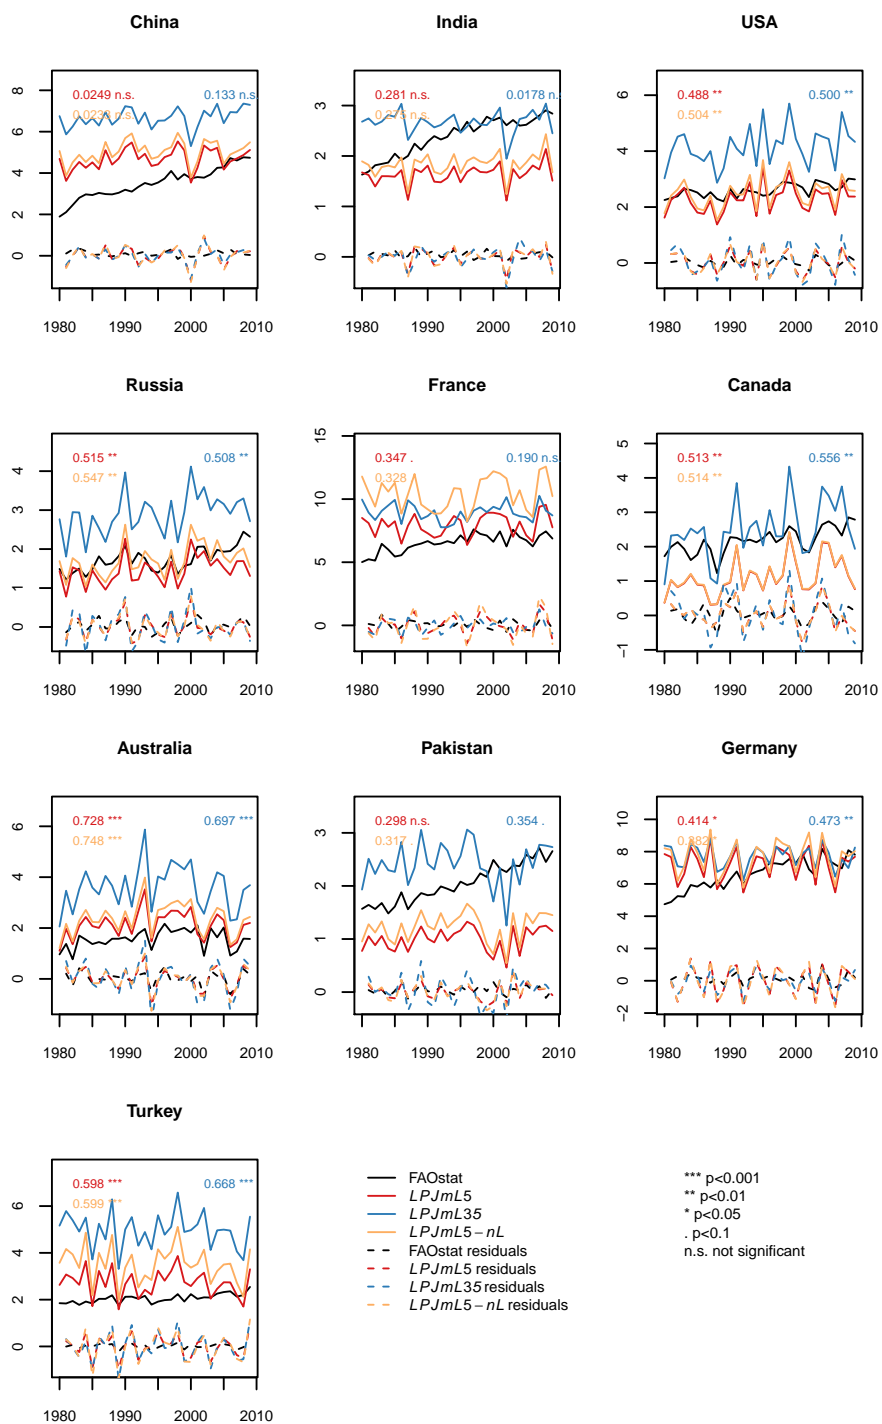

Figure S21. Wheat yield simulations (in tFM ha^{-1}) for the 10 top-producing countries for the carbon-only LPJmL 3.5 version, the version with N limitation and with unlimited N supply.

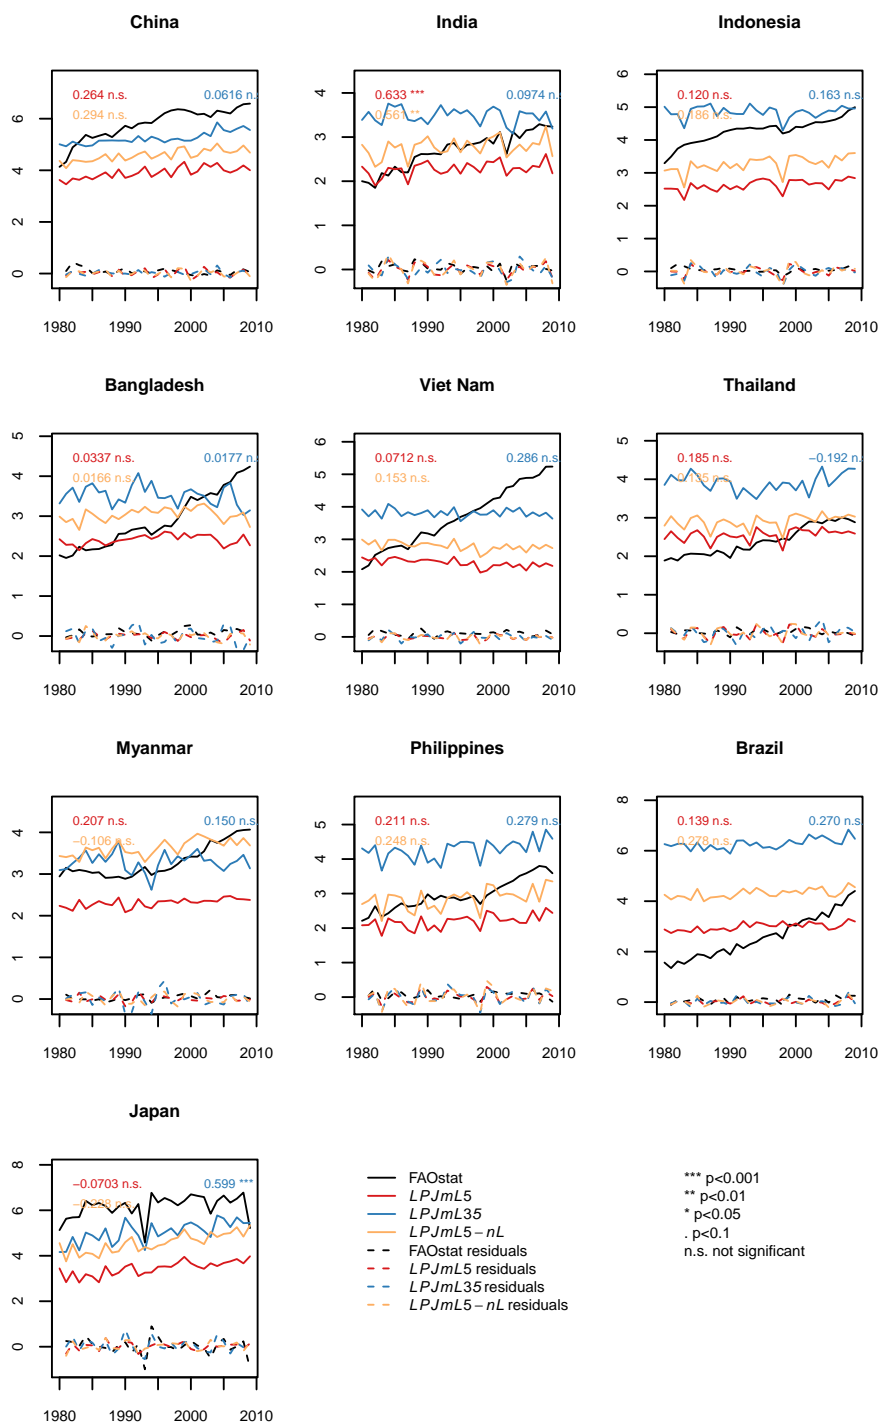

Figure S22. Rice yield simulations (in tFM ha⁻¹) for the 10 top-producing countries for the carbon-only LPJmL 3.5 version, the version with N limitation and with unlimited N supply.

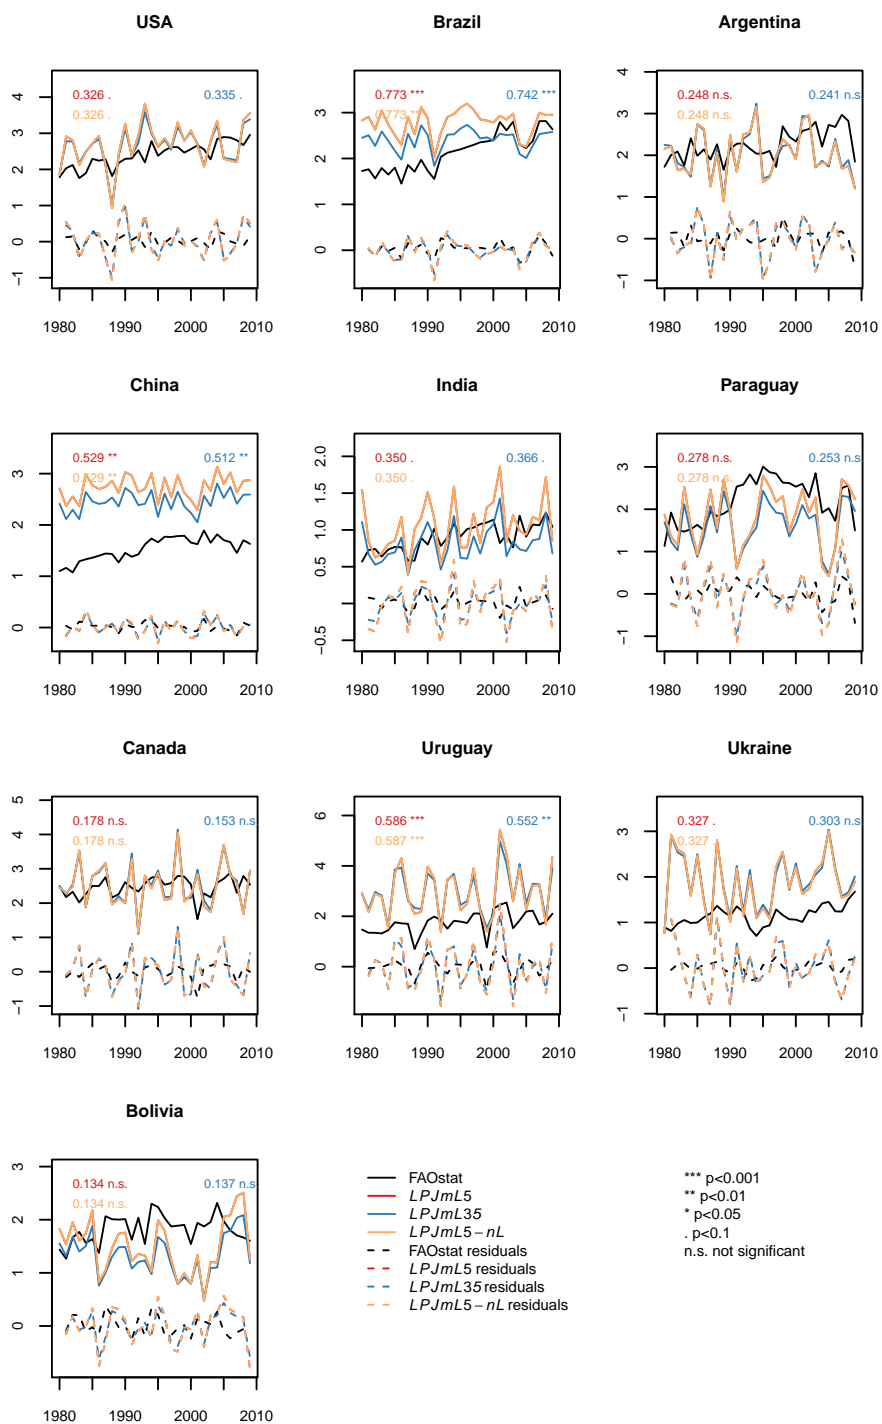

Figure S23. Soybean yield simulations (in tFM ha⁻¹) for the 10 top-producing countries for the carbon-only LPJmL 3.5 version, the version with N limitation and with unlimited N supply.
