Dear authors,

in my role as Executive editor of GMD, I would like to bring to your attention our Editorial version 1.1:

<http://www.geosci-model-dev.net/8/3487/2015/gmd-8-3487-2015.html>

This highlights some requirements of papers published in GMD, which is also available on the GMD website in the ‘Manuscript Types’ section:

http://www.geoscientific-model-development.net/submission/manuscript_types.html

In particular, please note that for your paper, the following requirements have not been

met in the Discussions paper:

- "The main paper must give the model name and version number (or other unique identifier) in the title."

Thus please add the model name (and/or its acronym) and the version number in the title of your article in your revised submission to GMD. E.g the title could be., "Iso-prene derived secondary organic aerosol in the global aerosol chemistry climate model ECHAM(v6.3)-HAM(v2.3)MOZ(v1.0) "

Yours,

Astrid Kerckweg
