Dear Dr. Unterstrasser,

**Re. Revision #3 of gmd-2017-257: General Lake Model (GLM)**

With this upload please find our finalised version of the manuscript.

The manuscript is as per the previous upload but now including the update to Figure 8 to include an additional panel for depicting K-H mixing (as suggested in the previous revision), and some associated text.

There was also a small change to Eq 13, adding a new albedo option. Due to these small changes, no track changes version is included below.

We thank you and the reviewers again for the significant time and effort that have gone into the discussion and are very pleased it can now be accepted for publication.

Kind Regards

A handwritten signature in blue ink, appearing to read 'MH', is located below the 'Kind Regards' text.
