Dear Sir or Madam,

We are submitting a final version of our manuscript, *Vegetation distribution and terrestrial carbon cycle in a carbon-cycle configuration of JULES4.6 with new plant functional types*, for publication in Geoscientific Model Development. The only change since our previous submission is that we added information to the acknowledgements and updated some figure captions. We also will upload separate pdf files for each figure. Please let me know if you require anything else for the final version.

Yours Faithfully,

A handwritten signature in black ink that reads "Anna Harper".
