Dear Editor,

Thank you for your suggestion. We have created an archived version of our code (<http://doi.org/10.5281/zenodo.825261>) by using Zenodo and have also included a short sentence in the "Code availability" section. We also consider to be of great importance the full reproducibility of our results. Find attached a pdf containing the current version of our manuscript.

Sincerely, Vanderlei

C1
