Interactive comment on "A representation of the phosphorus cycle for ORCHIDEE (revision 3985)" *by* Daniel S. Goll et al.

H. Sato (Referee)

hsato@jamstec.go.jp

Received and published: 7 July 2017

Dear authors,

One of the assigned referee did not post a review report, although I repeatedly tried to make him personal contacts. Hence, I quickly provide a review report instead of him.

As authors have appropriately addressed my quick review at the initial quality control stage, I only request to address additional concerns I provided in the second referee's comments.

Best, Hisashi SATO
