

# ***Interactive comment on “symp1 (v. 0.3.2) and climt (v. 0.11.0) – Towards a flexible framework for building model hierarchies in Python” by Joy Merwin Monteiro et al.***

**L. Gross**

[l.gross@uq.edu.au](mailto:l.gross@uq.edu.au)

Received and published: 4 May 2018

Authors should provide DOI's to the particular release, eg. using Zenodo from github releases, see <https://guides.github.com/activities/citable-code/> for details. Data and scripts for the benchmark simulations should be made available as supplements,

Lutz Gross GMD Executive Editor.
