Dear Editor,

Thank you for the assessment of our manuscript. As suggested, we revised the manuscript regarding the citation for the source code. The following two changes are made in the revised manuscript:

P13, L2:

For a complete list of the parameters, readers are referred to the source-code ~~archive (Hayashida, 2018a)~~ repository (doi.org/10.5281/zenodo.1435254).

P31, L1:

The model code and the configuration used for conducting model simulations are archived ~~(Hayashida,2018a)~~ at the Zenodo repository (doi.org/10.5281/zenodo.1435254).

Best regards,
Hakase Hayashida
