Thank you for the recommendation. I have created a release within the Github repository to mark the precise version of the code relevant to the manuscript. This is available at the following URL and Zenodo-registered DOI:

<https://github.com/uataq/stilt/releases/tag/v1.0>

C1

<http://doi.org/10.5281/zenodo.1196561>

I will update the text regarding Code Availability accordingly.
