Dear Dr. L.A. Melsen (the reviewer), Dear Dr. Chiel van Heerwaarden (the editor),

Thank you so much for your reading of my submitted article and all your thoughtful comments. I really appreciate your comments and advice. Please find my replies in the supplement file (in pdf format). I am really sorry that I still can not provide the revised manuscript today. I sent an email to Dr. Chiel van Heerwaarden (the handling topical editor) to explain my difficulty. I hope that the GMD journal will allow me to have an extended submission deadline for the revised manuscript of my article. It's really important for me. Thank you so much for your help.

Best regards, Trung Nguyen
