Dear authors,

as explained in

[https://www.geoscientific-model-development.net/about/manuscript\\_types.html](https://www.geoscientific-model-development.net/about/manuscript_types.html),  
model description paper must include the name and version number of the published  
method in the title. Therefore, name and version your method in the title upon revision  
of the article.

Secondly, the algorithm described in the article needs to be published. Either as sup-  
plement to the paper are in a permanent archive providing a DOI and the DOI needs  
to be cited in the code availability section. Please add the code and /or the respective
