Interactive comment on "Development of an automatic delineation of cliff top and toe on very irregular planform coastlines (CliffMetrics v1.0)" *by* Andres Payo et al.

Andres Payo et al.

agarcia@bgs.ac.uk

We have now created a DOI of the release associated with the manuscript using Zenodo.

The DOI URL is https://doi.org/10.5281/zenodo.1412486

On the description of the release version we have now made it clear that this is the software version associated with this manuscript (see description below and by linking the URL above)

Description of First release associated with the manuscript:

C1

This is the first release of the CliffMetrics algorithm for automatic delineation of cliff top and toe. This is the software version used for the Geoscientific Model Development manuscript "Development of an automatic delineation of cliff top and toe on very irregular planform coastlines (CliffMetrics v1.0)"
