Received and published: 7 November 2019

Dear Dr. Kerkweg,

Thank you for you bringing the version number requirement to our attention. This was an oversight, and the title of the manuscript has been changed to include “v1.0”.

Interactive comment on Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2019-109>, 2019.
