

Reference: gmd-2019-272

Dear Editor,

We are pleased to know that our manuscript entitled “Representation of the Denmark Strait Overflow in a z-coordinate eddying configuration of the NEMO (v3.6) ocean model: Resolution and parameter impacts” by Pedro Colombo and co-Authors that we submitted as an Article to GMD is accepted for publication subject to technical correction. We carefully considered the corrections recommended and corrected the paper accordingly.

So we are pleased to submit the final paper for the production process.

With our best regards,

Pedro Colombo
