

Dear Sir or Madam,

I am submitting the latex text and the figures of our manuscript gmd-2020-175: Validation of the PALM model system 6.0 in a real urban environment; case study on Prague-Dejvice, Czech Republic.

The changes in the document from the last minor revision are:

1. All URLs of the web links in the document have been checked and updated in case the structure of the web pages changed in the meantime.
2. The references to the preprints of the accompanied papers of this GMD special issue were checked and if the final paper was published in the meantime, the reference has been changed to this final paper.
3. The affiliation “Institute of Computer Science, Czech Academy of Sciences” has been replaced by formulation “Institute of Computer Science of the Czech Academy of Sciences” which is required by the current rules of the Czech Academy of Sciences.
4. Due to longer than expected review process, an additional financial support grant has been added: Financial support was also provided by the Norway Grants and Technology Agency of the Czech Republic project TO01000219: Turbulent-resolving urban modelling of air quality and thermal comfort.  
Please, add this financial support also to the manuscript database. Thank you.  
We provide financial support information in the first paragraph of the Acknowledgement section.

With regards,

Jaroslav Resler
