Dear Astrid Kerkweg,

Thanks for the comment. I have uploaded revision 4450 and 4601 of the PALM model source code on Zenodo. However, due to addition/upload of new files, I had to create the new version and therefore, a new DOI is issued for this updated version of the published data. The url of the new version is <https://doi.org/10.5281/zenodo.4153388>.

I wonder if I need to send you the revised manuscript with the new DOI? Please advise.

Thanks, stay safe and best wishes,

Basit Khan and Co-authors.
