

Interactive comment on “Lossy Checkpoint Compression in Full Waveform Inversion” by Navjot Kukreja et al.

Navjot Kukreja

nkukreja@imperial.ac.uk

Received and published: 5 January 2021

Hello I did not reply to this before as I am still getting used to the submission/review process here and thought I would have the opportunity to respond to everything in one go once all comments have been received. I discovered the "Reply" option today.

Thank you for your feedback. I will make sure to incorporate all your suggestions in the next update of the manuscript.
