

***Interactive comment on “Oxidation of low-molecular weight organic compounds in cloud droplets: development of the JAMOC chemical mechanism in CAABA/MECCA (version 4.5.0gmd)” by Simon Rosanka et al.***

**Anonymous Referee #1**

Received and published: 21 November 2020

I realized that in my previously uploaded report the reference list was not displayed. Since it includes highly relevant literature that should be considered in the revision, I upload the complete report again including the reference list.

Please also note the supplement to this comment:
