Dear Astrid Kerkweg,

thank you very much for bringing this to our attention.

We have prepared a persistent release of the source code. It is available through the DOI: [10.5281/zenodo.4274708](https://doi.org/10.5281/zenodo.4274708).

How do you suggest we update this information? As far as I can see, there is currently no option in the submission portal to update the manuscript records or the manuscript itself.

Kind regards,

Lojze Žust
