

Interactive comment on “Using SHAP to interpret XGBoost predictions of grassland degradation in Xilingol, China” by Batunacun et al.

Anonymous Referee #1

Received and published: 6 August 2020

I think the available manuscript on the platform is not the updated one.

Interactive comment on Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2020-59>, 2020.
