

In the following response, the original review is shown in grey and our response in green.

CEC1: ['Comment on gmd-2021-164'](#), Astrid Kerkweg, 21 Jul 2021

The main paper must give the model name and version number (or other unique identifier) in the title.

We thank the Executive Editor for this comment and adjust the title of the manuscript according to the GMD guidelines. We will add the version number to the title and change it accordingly.
