Editorial Office – Geosciences Model Development Journal

Dear Editor,

Enclosed for your consideration is the third version of the original work, entitled '*Evaluation of a forest parameterization to improve boundary layer flow simulations over complex terrain. A case study using WRF-LES V4.0.1*', by Julian Quimbayo-Duarte, Johannes Wagner, Norman Wildman, Thomas Gerz and Juerg Schmidli. The suggestions from the referee have been added to the manuscript.

Please do not hesitate to contact me (using the contact details at the top of this letter) if you need additional information. I thank you in advance for your consideration and I look forward to hearing from you on the outcome of the review process.

Best regards,

Julian Quimbayo-Duarte
