

Responses to the Editor

Many thanks for the Editor's suggestions on our manuscript. All minor remarks are accepted and modified in the revised manuscript.

-L82 : « build » should use the past tense : « built »

Done

-L123 : « it indicates » should be « they indicate » as it refers to the results, right ?

Yes, it refers to the results. Done.

-L321 : « for benefit of application on a real world » : I do not understand what this means, please rephrase ; do you simply mean «for real-world applications » ?

Done.

-L328 : « All the contributing models» should be « All contributing ocean models »

Done.

-L329 : « ice modes » should be « ice models », I think

Done.

-L394 : I suggest you remove « Our understanding of »

Done.
