Dear Editor,

We are very grateful to the Reviewers and the Editor for the proceeding of our manuscript. Since the editorial decision éfollowing our revised version of the manuscript is “publish as is”, we have resubmitted the exact same version, just fixing an insignificant typo (“As *in* Fig. 6. . .” instead of “As *is* Fig. 6. . .” in the caption of Fig. 8).

With our best regards,

The authors.
