I would like to thank the authors for addressing my comments. However, I believe there is still room for improvement in the presentation of the figures throughout the manuscript. I recommend that the authors use consistent coding conventions when generating the figures.

Reply: We thank the reviewer for the valuable comments and suggestions. The figures have been added with high quality and the necessary grammatical corrections were made throughout the manuscript.

Dear authors,

Thank you for addressing all the issues I raised. In my previous report, I suggested some indicative corrections related to English syntax. However you should have revised the complete manuscript. There is still room for improvement. This is why I suggest acceptance subject to technical corrections.

Reply: We thank the reviewer for the valuable comments and suggestions. We have made the necessary grammatical corrections throughout the manuscript.
